

Call for BFP-FBP President

Dear fellow psychologist,

We currently have a vacancy for the position of President of the Belgian Federation of Psychologists. More information about the Federation and its current mission can be found below. As president, you will be in charge of preparing and chairing bimonthly board meetings and the annual general assembly. You will also represent BFP at the international level, most prominently at the presidents' meetings of the [European Federation of Psychologists' Associations](#) of which BFP is the national member association for Belgium. Although the position of BFP President provides you with important means to promote and steer psychology in Belgium and at the international level, the time investment involved is limited given that the aim of the BFP is to act only in areas that surpass the level of our member organizations. You will be supported by a secretary-general, a treasurer, and a board that includes the presidents of the member associations. *For more information or for submitting your candidacy, please contact the secretary-general of BFP (Jan.DeHouwer@UGent.be) before January 5th 2022.*

Oude Graanmarkt 48

BFP and its current mission

The Belgian Federation of Psychologists (BFP) is the main federation of psychology associations in Belgium. It currently has five member associations: [BAPS](#) (Belgian Association for Psychological Sciences), [VOCAP](#) (Association of Organization, -Consumers and Occupational Psychology), [VVKP](#) (Flemish Association of Clinical Psychologists), [VVSP](#) (Flemish Association for School Psychology), and [UPPCF](#) (Professional Union of French and German speaking clinical psychologists). Although it is not possible to become a member of the BFP as an individual psychologist, BFP represents over 2500 Belgian psychologists who are a member of one of its associations. Via the BFP, the member associations are represented in several other organizations such as the [Commission for Psychologists](#), the [High Council for the Self Employed and Small Businesses](#), and the [European Federation of Psychologists' Associations](#). The BFP also supports initiatives that cut across the various member associations, such as the [Test Commission](#) and the [expert group on Psychology and Corona](#).
